2014 Bianchi, Federico, and Gianluca Pozzoni, “Methodological individualism between explanation and theory building” (ENPOSS - European Network for the Philosophy of the Social Sciences Third Conference, UNED - Universidad Nacional de Educación a Distancia, Madrid, Spain, 10-12 September).

Invited seminars and lectures

2025 “Computational social epistemology: A case study on two-armed bandits versus inductive truth seekers and epistemic free riders” (discussant; speaker: Rainer Hegselmann, Frankfurt School of Finance & Management), 28 May, Department of Social and Political Sciences, University of Milan (Italy).

“The emergence of social networks between university students” (discussant; speaker: Christoph Stadtfeld, ETH Zürich), 19 May, MHEO - Milan Higher Education Observatory, Department of Economics, Management, and Quantitative Methods,

University of Milan (Italy).

“Exploring rural health through Living Labs: Dynamic networks as social determinants of cancer” (discussant; speaker: Marian Gabriel Hâncean, University of Bucharest), 24 February, ESOL International Seminar Series, Department of Social and Political Sciences, University of Milan (Italy).

2024 “High-threshold complex contagion and negative ties in the diffusion of stigmatized health measures: an empirical agent-based model”, 11 December, Symposium on Empirically-Calibrated Agent-Based Models for Mechanism-Based Research, Institute for the Advanced Study Toulouse and Toulouse School of Economics (France).

“Reti sociali. Meccanismi e modelli”, 27 November, Laboratorio di analisi sociologica “Nicola Negri”, University of Turin, Torino (Italy).

“Book presentation: *Reti sociali. Meccanismi e modelli* (Il Mulino, 2023)”, 25 October, Quantitative Social Science Seminars, University of Bologna, Bologna (Italy).

“Agent-based modelling”, 10 April, guest lecture within the course “Research design” (Filip Agneessens), Department of Sociology and Social Research, University of Trento (Italy).

“Reti sociali. Meccanismi e modelli” (speaker; chair: Flaminio Squazzoni; discussants: Antonio M. Chiesi and Gianluca Manzo), 20 March, SPS Seminars / Fresco di stampa, Department of Social and Political Sciences, University of Milan, Milano (Italy).

2023 “Empirical models of networks (and behaviour)”, workshop on “Explaining macro dynamics: on the use of empirical simulation models in the social sciences”, Institute for Analytical Sociology, Linköping University (Sweden), 3-5 December, Swedish Institute at Athens, Athens (Greece).

“Agent-based modelling”, 19 April, guest lecture within the course “Research design” (Filip Agneessens), Department of Sociology and Social Research, University of Trento, Trento (Italy).

“An introduction to ERGM with an application to the study of gender bias in high school” (with Elena De Gioannis), 20 February, Cyber Mondays, Behave Lab (University of Milan, Italy), Computational Social Science Center (University of Bologna, Italy), Center for Computational Social Science and Human Dynamics (University of Trento, Italy), Universidad Carlos III de Madrid (Spain).

2022 “Agent-based models of social networks”, 16 November, Mitchell Centre for Social Network Analysis, The University of Manchester, Manchester (United Kingdom).

“La *peer review* di sviluppo: prime evidenze empiriche”, 11 November, Coordinamento delle Riviste Italiane di Sociologia - V incontro seminariale: “La *peer review*: tra tecnicità e politica editoriale”, University of Florence, Florence (Italy).

“Explaining social networks: basic concepts and models”, 8 February, Cyber Mondays, Behave Lab (University of Milan, Italy), Computational Social Science Center (University of Bologna, Italy), and Center for Computational Social Science and Human Dynamics (University of Trento, Italy).

2021 “Ambivalent and consistent relationships: The role of personal networks in cases of domestic violence” (discussant; speaker: Elisa Bellotti, University of Manchester), 21 November, SPS Seminars / Dialogues, Department of Social and Political Sciences, University of Milan, Milano (Italy).

2020 “Social relationships and social networks”, 2 December, invited lecture within the course “Foundations of Economic Sociology” (Roberto Pedersini), Graduate School in Social and Political Sciences, University of Milan, Milano, Italy.

“Scambio economico e solidarietà”, 19 November, invited lecture within the course “Economia della cooperazione e del terzo settore” (Raffaele Miniaci), Department of Economics and Management, University of Brescia, Brescia, Italy.

2019 “Solidarity from economic exchange. Studying collaboration, support, and segregation through network analysis and agent-based modelling”, 5 December, Institute for Analytical Sociology, Department of Management and Engineering, Linköping University, Norrköping, Sweden.

“Building solidarity from economic exchange: trust and support between collaboration and competition”, 26 February, Computational Social Science – Research Center for Educational and Network Studies (CSS-RECENS), HAS Centre for Social Sciences, Hungarian Academy of Sciences, Budapest, Hungary.

2018 “L’economia circolare”, Gruppo di Iniziativa Territoriale Banca Etica - Brescia, Brescia, Italy.

“Collaboration, trust and support within exchange networks: integrating network analysis and ABM simulation”, ResFron (Research Frontiers in Economic Sociology and Labour Studies) Seminar, 19 March, Department of Social and Political Sciences, University of Milan, Milano, Italy.

2016 “Fragile solidarity: collaboration and support under competition”, meetings of the Norms and Networks Cluster, Department of Sociology, University of Groningen, Groningen, The Netherlands.

Conference and workshop organization

- 2025 “Agent-based modelling and social networks”, session at *Sunbelt 2025 Conference of the International Network for Social Network Analysis*, 25-29 June, Sorbonne University - Sciences Po, Paris, France — Co-organizer with Filip Agneessens, Jen Badham, and Károly Takács.
- “Experiments, computational models, and network analysis for the study of socio-economic phenomena”, session at the *IX Convegno SISEC*, 29 January - 1 February, University of Pavia, Italy — Co-organizer with Elena De Gioannis and Francesco Renzini.
- CS2Italy - 1st Conference on Computational Social Science, 15-18 January, University of Trento, Trento, Italy — Member of Scientific Committee.
- 2024 *19th Social Simulation Conference*, 16-20 September, Cracow University of Economics, Cracow, Poland — Member of Programme Committee.
- “Agent-based models of social networks”, session at *Sunbelt 2024: XLIV International Social Networks Conference of the International Network for Social Network Analysis*, 24-30 June, Heriot-Watt University, Edinburgh, United Kingdom — Co-organizer with Filip Agneessens, Andreas Flache, and Károly Takács.
- “Agent-based models of social networks”, workshop hosted by BehaveLab and Computational Models and Design Hub, Department of Social and Political Sciences, University of Milan, Milano, Italy — Co-organizer with Flaminio Squazzoni and Raffaele Vacca.
- “Experiments, computational models, and network analysis for the study of socio-economic phenomena”, session at the *VIII Convegno SISEC*, 31 January - 3 February, University of Cagliari, Cagliari, Italy — Co-organizer with Elena De Gioannis and Raffaele Vacca.
- 2023 “Agent-based models of social networks”, session at the *7th European Conference on Social Networks*, 4-8 September, University of Ljubljana, Ljubljana, Slovenia — Co-organizer with Filip Agneessens, Andreas Flache, and Károly Takács.
- 18th Social Simulation Conference*, 4-8 September, University of Glasgow, Glasgow, United Kingdom — Member of Programme Committee.
- 19th International Conference on Scientometrics and Informetrics*, 2-5 July, Indiana University, Bloomington (IN), United States — Member of Program Committee.
- “Esperimenti, modelli computazionali e *network analysis* nell’analisi dei fenomeni socio-economici”, session at the *VII Convegno SISEC*, 8-11 February, University of

Brescia, Brescia, Italy — Co-organizer with Marco Castellani and Flaminio Squazzoni.

2022 *Social Simulation Conference 2022*, 12-16 September, University of Milan, Milano, Italy — Member of Local Organizing Committee.

Social Simulation Conference 2022, 12-16 September, University of Milan, Milano, Italy — Member of Programme Committee.

“Agent-based models of social networks”, session at the *Social Simulation Conference 2022*, 12-16 September, University of Milan, Milano, Italy — Co-organizer with Filip Agneessens, Andreas Flache, and Károly Takács.

“Agent-based models of social networks”, session at the *Sunbelt 2022: XLII International Social Networks Conference of the International Network for Social Network Analysis*, 12-16 July, Cairns, Australia — Co-organizer with Filip Agneessens, Andreas Flache, and Károly Takács.

“La Social Network Analysis come strumento per la comprensione delle attuali trasformazioni socio-economiche”, session at the *VI Convegno SISEC*, 8-11 June, University of Bologna, Bologna, Italy — Co-organizer with Niccolò Casnici and Antonello Podda.

2021 *Social Simulation Conference 2021*, 20-24 September, Cracow University of Economics, Cracow, Poland — Member of Programme Committee.

“Agent-based models of social networks”, session at the *5th European Conference on Social Networks*, 7-10 September, University of Naples Federico II (virtual event) — Co-organizer with Filip Agneessens, Andreas Flache, and Károly Takács.

IC2S2 2021 - 7th International Conference on Computational Social Science, 27-31 July, ETH Zurich, Zurich, Switzerland — Member of Programme Committee.

18th International Conference on Scientometrics and Informetrics, 12-15 July, KU Leuven (virtual event) — Member of Scientific Committee.

Network 2021: A Joint Sunbelt and NetSci Conference, 21 June - 10 July, Indiana University Network Science Institute (virtual event) — Member of Review Committee.

“Agent-based models of social networks”, session at *Network 2021: A Joint Sunbelt and NetSci Conference*, 21 June - 10 July, Indiana University Network Science Institute (virtual event) — Co-organizer with Filip Agneessens, Andreas Flache, and Károly Takács.

“La Social Network Analysis come strumento per la comprensione delle attuali trasformazioni socio-economiche”, session at the *V Convegno SISEC*, 9-12 June, University of Catania, Catania, Italy — Co-organizer with Niccolò Casnici and Antonello Podda.

2020 “Agent-based models of social networks. Integrating agent decision-making with network dynamics”, workshop at the *Social Simulation Week 2020*, 15-17 September — Co-organizer with Filip Agneessens, Andreas Flache, and Károly Takács.

Social Simulation Week 2020, 14-18 September, University of Milan, online event — Member of Local Committee.

Social Simulation Conference 2020, 14-18 September, University of Milan, Milano, Italy — Member of Programme Committee. [Cancelled]

STI 2020 – 25th International Conference on Science, Technology and Innovation Indicators, 2-4 September, Aarhus, Denmark — Member of Scientific Committee. [Cancelled]

6th International Conference on Computational Social Science, 17-20 July, virtual conference — Member of the Programme Committee.

“Bridging micro and macro through social network analysis and agent-based computational simulations”, session at the *2020 Sunbelt Virtual Conference*, 13-17 July — Co-organizer with Andreas Flache, Gianluca Manzo, and Károly Takács.

MABS 2020 – The 21st International Workshop on Multi-Agent-Based Simulation, 9-13 May, Auckland, New Zealand — Member of Programme Committee.

2nd PEERE International Conference on Peer Review 2020, 11-13 March, Universitat de València, Valencia, Spain — Member of Programme Committee. [Cancelled]

“Social Network Analysis for the study of socio-economic phenomena”, session at the *IV Convegno SISEC*, 30 January - 1 February, University of Turin, Turin, Italy — Co-organizer with Alberta Andreotti, Niccolò Casnici, and Antonello Podda.

2019 *Social Simulation Conference 2019*, 23-27 September, Johannes Gutenberg University Mainz, Mainz, Germany — Member of Programme Committee.

“Agent-based models: Linking complex social phenomena to social network dynamics”, session at the *4th European Conference on Social Networks*, 9-12 September, ETH Zurich / University of Zurich, Zurich, Switzerland — Co-organizer with Andreas Flache and Károly Takács.

17th International Conference on Scientometrics & Informetrics, 2-5 September, Sapienza University of Rome, Rome, Italy — Member of Scientific Committee.

5th International Conference on Computational Social Science, 17-20 July, University of Amsterdam, Amsterdam, The Netherlands — Member of Programme Committee.

MABS 2019 - 20th International Workshop on Multi-Agent-Based Simulation, 13-17 May, Montreal, Canada — Member of Programme Committee.

2018 *Social Simulation Conference 2018*, 20-24 August, Stockholm University, Stockholm, Sweden — Member of Programme Committee.

“Social Behavior, Network Dynamics and Collective Outcomes in Complex Societies”, session at the *XIX ISA World Congress of Sociology*, 15-21 July, Toronto, Canada — Co-organizer with Flaminio Squazzoni.

MABS 2018 - 19th International Workshop on Multi-Agent-Based Simulation, 14-15 July, Stockholm, Sweden — Member of Programme Committee.

“Agent-based models: Linking complex social phenomena to social network dynamics”, session at the *XXXVIII Sunbelt Conference of the International Network of Social Network Analysis*, 26 June - 1 July, Utrecht University, Utrecht, The Netherlands — Co-organizer with Filip Agneessens, Jennifer Badham, and Andreas Flache.

PEERE International Conference on Peer Review, 7-9 March, Italian National Research Council, Rome, Italy — Member of Programme Committee.

Research projects

2024 — NetHealth: Social network inequalities and health impacts – Socioeconomic, geographic and migration-related dimensions. Grant from Fondazione Cariplo. Partners: University of Milan, University of Milano-Bicocca, Johns Hopkins University. (PI: Raffaele Vacca, University of Milan). Member of a research unit.

2020 - 2023 [14ALL: One for all, all for one. Reputational mechanisms for aggression, revenge, and forgiveness in intergroup relationships](#). PRIN (Research Project of National Interest) grant from Italian Ministry of University and Research. Partners: University of Turin, Institute of Cognitive Science and Technology - National Research Council (Italy), University of Milan (PI: Davide Barrera, University of Turin). Member of a research unit.

2018 - 2020 [‘SOCIABLE – The Brescia nexus: SOCIAL infrastructure and cognitive ABiLitiEs in an ageing population’](#). Grant from Fondazione Cariplo. Partners: Casa di Industria

Foundation, IRCCS Centro San Giovanni di Dio Fatebenefratelli, Socialis Research Centre, University of Brescia (PI: Flaminio Squazzoni and Marco Castellani, University of Brescia). Member of a research unit.

2017 -
2018 ‘Verso un’economia circolare’. Grant from Fondazione Cariplo. Partners: Fondazione Cogeme Onlus, Kyoto Club, Fondazione Nymphe, University of Brescia. Member of a research unit.

2015 -
2018 ‘[PEERE - New Frontiers of Peer Review](#)’, EU-COST Action TD1306.

Grants, scholarships, and qualifications

2023 National Scientific Qualification (*ASN - Abilitazione Scientifica Nazionale*) as Associate Professor of General Sociology (14/C1), Italian Ministry of University and Research.

National Scientific Qualification (*ASN - Abilitazione Scientifica Nazionale*) as Associate Professor of Economic, Labour, and Environmental Sociology (14/D1), Italian Ministry of University and Research.

2017 EU-COST Action TD1306 Short-Term Scientific Mission,
“Rating and ranking in peer-reviewed journals”.

2014 -
2017 3-year PhD scholarship in Economic Sociology and Labour Studies, Fondazione Cariplo and University of Brescia (Italy).

Teaching

Course lecturer

2025
— [Social Network Analysis](#), Department of Social and Political Sciences, University of Milan (Italy) (40 hours with Raffaele Vacca, English, graduate course for PhD students).

[Network Analysis](#), Department of Social and Political Sciences, University of Milan (Italy) (40 hours with Raffaele Vacca, English, graduate course for MA students).

2024
— [Network Analysis](#), Department of Social and Political Sciences, University of Milan (Italy) (40 hours, English, graduate course for MA and PhD students).

2021 - [Network Analysis](#), Department of Social and Political Sciences, University of Milan (Italy) (30 hours, English, course for PhD students).

2019 - [Introduction to Research](#), University of Brescia (Italy) (15 hours, English, course for PhD students).

Summer schools

2023 [Behave Summer School on Agent-Based Modelling](#), University of Milan, Brescia (Italy), 11-22 September (80 hours, English, member of the teaching staff).

2022 [Behave Summer School on Agent-Based Modelling](#), University of Milan, Brescia (Italy), 29 August - 9 September (80 hours, English, member of the teaching staff).

Opening the black box of social causality: agent-based models, [ReSPoS \(Research Strategies in Policy Studies\) Summer School on “Causality in Policy Studies - A Pluralist Toolbox”](#), University of Milan, 4-8 July (2.5 hours, English).
